

United States Reparations Breakdown

A national-facing summary of 43 city and regional reparations briefs for Black people in the United States.

Important framing: this dossier summarizes the reports in the supplied archive. The headline figure is the sum of those local and regional estimates, not a complete national reparations total for every Black person or every jurisdiction in the United States.

\$6.44T	43	7

Methodology And Limits

The national figure is a sum of headline liability estimates across the 43 local and regional PDFs in the source folder. It is not presented as a complete national United States reparations estimate. The source PDFs use internally stated calculations and citations; this generated summary does not independently validate population eligibility, jurisdictional overlap, or economic assumptions.

Recurring Damage Categories

Housing wealth destruction, Business destruction, Displacement and land loss, Environmental harm, Policing and incarceration, Education exclusion, Labor and wage extraction.
